

Special Features

- ▲ VANDAL RESISTANT DESIGN
- ▲ COMPLETE WITH LID AND AUTOMATIC FLUSHING MECHANISM
- ▲ 4.5, 9.0 AND 13.65 LITRE CAPACITIES

Description

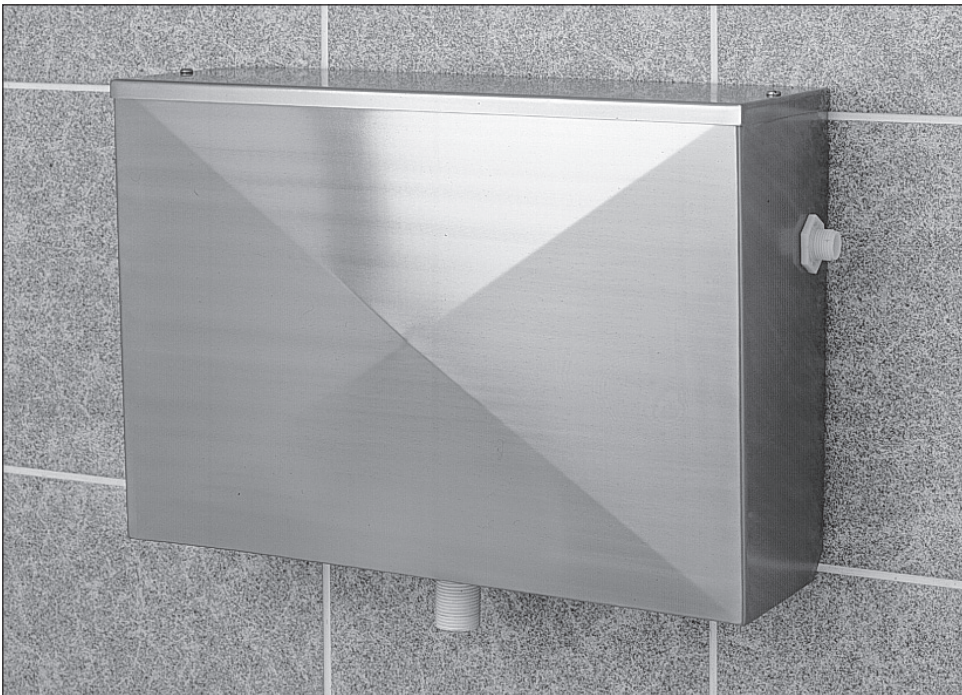

The automatic stainless steel cistern is suitable for flushing all urinals and is designed for exposed surface mounted installations. Available in three capacities, each cistern is supplied with a lid and automatic flushing mechanism.

Construction

The cistern is manufactured in one piece without joints or crevices from grade 304 stainless steel, with all exposed surfaces polished to a satin finish.

Available in 4.5 litre, 9.0 litre and 13.65 litre capacities, each cistern is complete with a removable lid held in position by security type screws.

Each cistern is supplied with a plastic automatic flushing syphon, petcock and all necessary sealing washers and nuts.

Technical Specification: Automatic Cistern Stainless Steel

5 Brearley Court, Baird Road, Waterwells Business Park, Quedgeley, Gloucester GL2 2AF Tel: 01452 721211 Fax: 01452 721231 Web: www.acornpowell.co.uk
